

ESTABLISH FUND TO AID ALL CHARITIES

Exchange Trust Company Adopts
Plan to Safeguard All Requests
to Aid Public Mankind.

Under a resolution by the board of directors of the Exchange Trust company on Tuesday, November 11, the company obligates itself to act as trustee in the establishment of a fund for charitable purposes, known as the "Permanent Community Trust Fund," which has for its object the proper handling and safeguarding of all funds and bequests consigned to it for charity and the betterment of mankind.

The resolution creating the fund sets forth that the principal of any sum of money donated and devoted to charitable uses can best be invested in a permanent fund so as to remain undiminished and unimpaired. It is often the case in bequests made for this purpose that several years following the death of the donor the object of the trust becomes unworthy or obsolete and in that case should be used in other channels. This can be done under the community trust fund as now organized.

Under the stipulations of the resolution the fund is to be handled by a committee of seven persons, each of whom shall be a resident of the state of Oklahoma. No person holding any public office is eligible to serve on this committee. These committee members are to be appointed as follows: One by the chief justice or the presiding judge of the supreme court, one by the judge of the federal judicial district in which the city of Tulsa is located, one by the judge of the superior or district court of Tulsa county, one by the judge of the county or probate court of Tulsa county, three by the board of directors of the Exchange Trust company. Appointments shall be for a term of five years except in the

case of the first appointments which are limited in the resolution. Provision is made that in case the trustee and committee deem it advisable the committee may incorporate as a charitable corporation under the laws of the state of Oklahoma.

Such trust funds are now being organized in other large cities over the country. The idea had its inception in the Rockefeller foundation under which Mr. Rockefeller concentrated his charitable enterprises under one head.

TULSA-SPRINGFIELD HIGHWAY MEN MEET

Route From Rose to Claremore Is
Yet to Be Determined By
Officials.

Completion of the routing of the Tulsa-Springfield, Mo., highway, which is being promoted by the White River Trails association, will be the chief business of the third annual convention of the association which will be held at Siloam Springs, Ark., on December 1, attended by a large number of Oklahoma good road boosters and a special delegation of Tulsa enthusiasts.

Starting at Springfield, Mo., the proposed road reaches Tulsa by way of Branson, Hollister and Blue Eyes, Mo., Eureka Springs, Rogers and Siloam Springs, Ark., Flint, Kan., and

Rose, Claremore and Catoosa, in Oklahoma.

Between Rose and Claremore the route is yet undecided and the question of whether it will go by way of Salina and Pryor or by way of Locust Grove and Chateaux will be decided at the Siloam Springs meeting.

Federal aid for the project has been secured for the sections of the road in Missouri and Arkansas, but owing to the delay in selecting a definite location in Oklahoma, no aid from the federal government has been secured for the road in this state. Actual construction work of the road will be started during the present winter, according to William H. Johnson of Hollister, Mo., president of the association.

Sit and Reach—Don't Stand and Walk!

Note, just today, the many times you have to trudge across your kitchen for a dab of this or a dab of that—that might just as well be before you in a McDougall. Try to count the unnecessary steps. Figure the minutes you lose here and there. Estimate the strength it wastes. And remember that day in, day out, you slave away in the same plodding manner. No wonder the day is gone before you know it.

Now, frankly, is it worth it? Are a thousand steps, an hour extra in the kitchen and that tired feeling worth the few cents a day you "save" by doing without a McDougall?

See our display of latest 1919 types of the World's Most Modern Kitchen Cabinets—McDougalls—with all their nearly 100 wonderful new, up-to-date savers of steps, hours, work and food—many of which only McDougalls have.

Here are just eight of them:

1. The Patented McDougall Anti-Flood—replaces bothersome spring door—over the table. Drops out of sight—leaves a smooth cupboard shelf; no grooves to catch food, no obstructing partitions. (Shown lowered in cut.) Left—and it locks! Only found on McDougalls.

2. Sanitary, Seaw-White Sliding Top—It Locks! Glides out 17 inches—and locks as rigid as rock. Can't rattle or bob up and down when you work or knead upon it. Only McDougall Top won't wobble!

3. High leg base that you can sweep beneath—sanitary!

4. Removable, Cleanable Floor Bin, 50 lbs. Capacity—sanitary!
